KLDiscovery

Service. Unmatched.

KLDiscovery helps clients solve complex data challenges. Through our global KLDiscovery and Ontrack businesses, we deliver integrated, best-in-class eDiscovery and data recovery technologies and services to support litigation, investigation, compliance and recovery from data loss.

Experience that matters.

KLDiscovery has strong industry roots and an exciting, innovative future. Our strength in building great technology and delivering the highest quality services is the foundation for bringing exceptional eDiscovery and data recovery solutions to our clients.

Around the globe. Across the street.

KLDiscovery is a global leader with the ability to serve global clients through strong international reach and local eDiscovery and data recovery expertise.
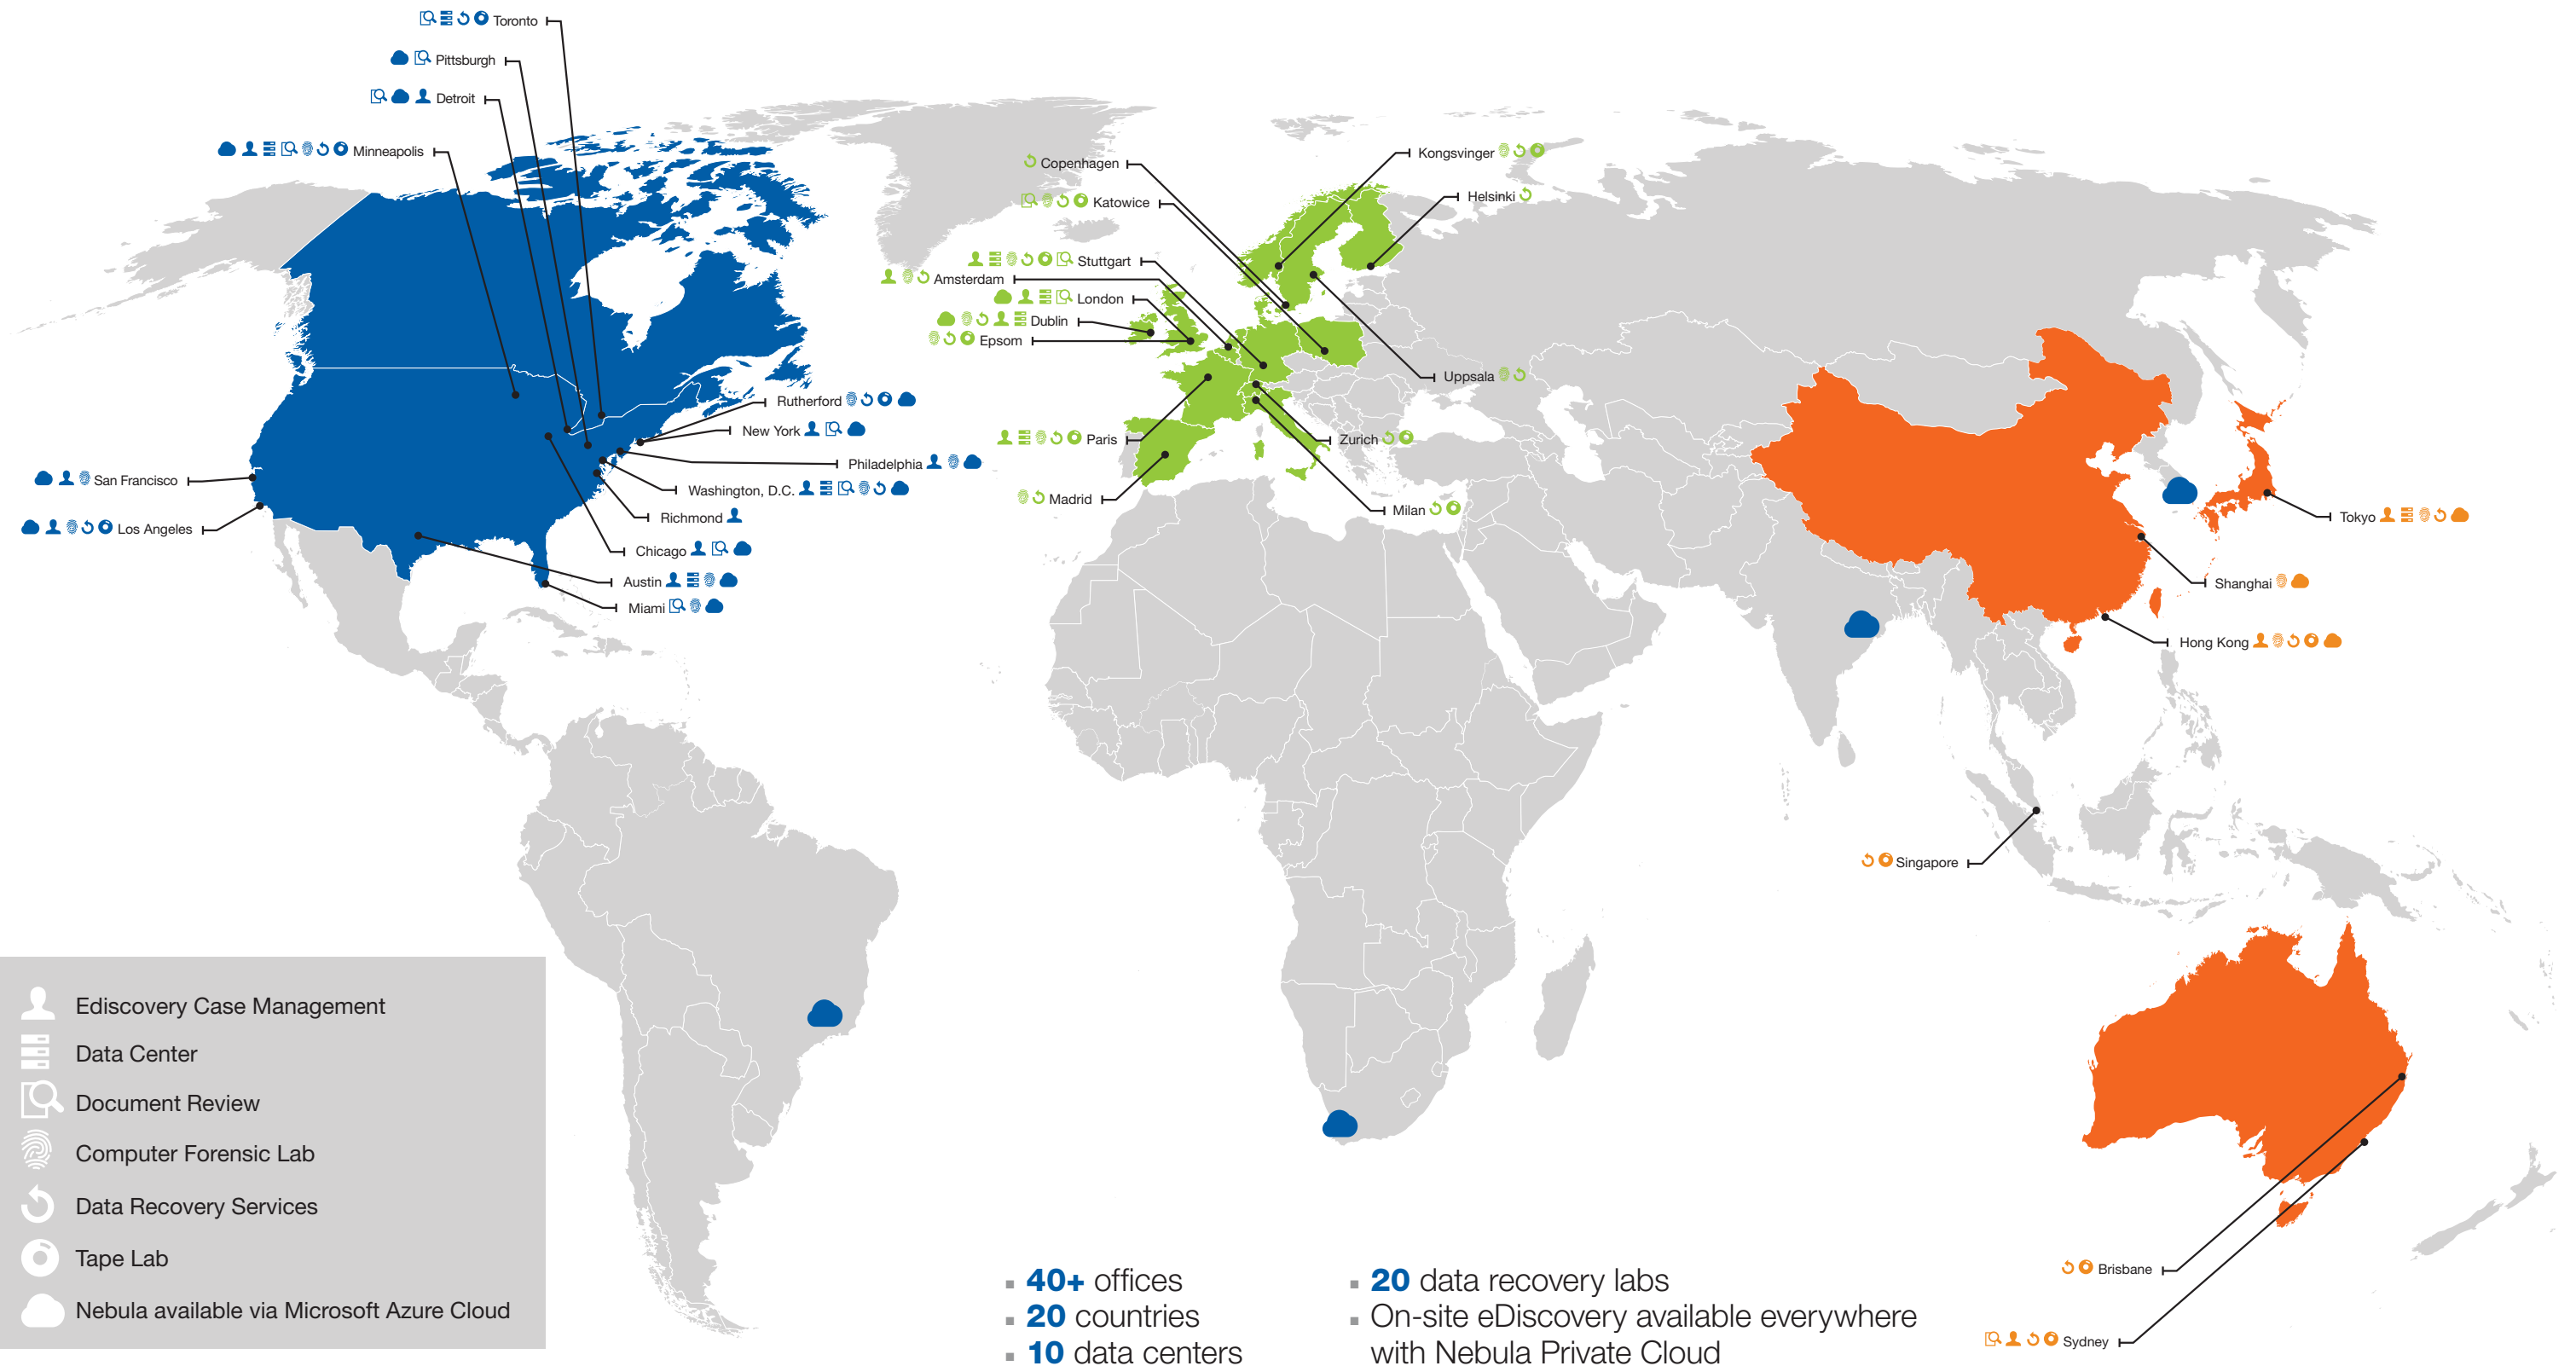

Pioneers and innovators.

Combining our deep industry experience and technological heritage, KLDiscovery brings you proprietary and best-in-class tools and capabilities across the eDiscovery and data recovery spectrum.

Consultative support and services.

KLDiscovery prides itself on exceeding the highest standards of client service 24 hours a day, 7 days a week, 365 days a year. We offer a full range of consultative project support and document review services to help you tackle the complex, the challenging and the simple.

KLDiscovery exceeds our clients' expectations by solving complex data challenges through global capabilities delivered with local expertise.

Legend

- 👤 Ediscovery Case Management
- ▤ Data Center
- 🔍 Document Review
- 🔏 Computer Forensic Lab
- ↻ Data Recovery Services
- ⦿ Tape Lab
- ☁ Nebula available via Microsoft Azure Cloud

- **40+** offices
- **20** countries
- **10** data centers
- **20** data recovery labs
- On-site eDiscovery available everywhere with Nebula Private Cloud

Ediscovery Solutions

- **Nebula™:** Our proprietary end-to-end eDiscovery solution facilitates smarter ways to cull, process, review and manage documents while providing comprehensive functionality.

- **Relativity:** As the first to license Relativity, we have broken many records and have the industry's highest number of Relativity Certified Experts and Masters.

- **EDR:** This proprietary tool integrates all stages of your review into one robust platform – from early data assessment and analysis to review and production.

- **Relativity Enhancements:** Accelerate your review with Predictive Coding, A/V Suite, Workflow, AutoRedaction, PrivLog Builder®, Native Spreadsheet Redaction and Natural Language Processing.

- **KLD Analytics:** A full range of technology-assisted review tools combined with a deep bench of expertise.

- **Managed Document Review Services:** Combines the logistics of managing a review workflow with technology that saves time and money.

- **Nebula Private Cloud:** Our experts bring the data center to your office, allowing powerful processing, filtering and analysis without the need to transfer data outside the company or across borders.

- **Managed Services:** The KLDiscovery managed services team partners with your organization to design an eDiscovery program that provides the skills and support you need.

Digital Forensic Services

- **Data Collection:** With teams around the globe and experience collecting data in approximately 150 countries, our local experts and global reach bring you the greatest support.

- **Remote Collection Manager (RCMgr®):** Perform forensically-sound collections of hard drives, loose files and email servers – effortlessly and defensibly.

- **Computer Forensics:** Our computer forensics experts are equipped with state-of-the-art tools and knowledge to collect data in the most hard-to-reach places.

- **Data Recovery:** 500,000+ successful data recoveries performed in state-of-the-art clean rooms with proprietary technology.

Enterprise Solutions

- **Information Governance:** Subject matter experts and technology to help you manage the unrelenting growth of organizational data.

- **Office 365:** As an inaugural Microsoft Compliance and eDiscovery partner, KLDiscovery has helped hundreds of clients overcome the challenges and leverage the opportunities presented in managing eDiscovery, data governance, privacy regulation data subject requests, and regulatory compliance in the Microsoft cloud.

- **Legal Hold:** KLDiscovery's seasoned experts and technology offerings bring simplicity and superior defensibility to the legal hold management process.

- **Nebula Big Data Store:** A highly scalable, enterprise-grade cloud storage solution combining advanced data intelligence with cloud economics to deliver clients superior value in solving their big data challenges.

Specialty Areas

- **Second Requests:** Uniquely equipped to manage document productions to the FTC, DOJ and other global competition bureaus with massive processing capabilities and battle-tested methodologies.

- **Cross-border Litigation:** Significant experience with multinational corporations and global litigation with data centers located around the world.

- **Insurance Panels:** Experience with insurance companies and their workflows.
